Shut Down Leaks Before They Expand

L5 WiFi Water Leak
Shutoff Valve

Help protect your home from costly water damage with the affordable L5 WiFi Water Leak Shutoff Valve.

L5 WiFi Water Leak Shutoff Valve

Did you know the average water damage claim is \$13,000?*. With the cost-efficient L5 device, homeowners gain an extra layer of protection, offering valuable benefits that help safeguard their homes from costly water damage.

PRODUCT FEATURES

Affordable Leak Protection

The L5 offers an affordable solution for leak protection, helping homeowners avoid costly and time-consuming repairs.

Connected and In Control

Receive leak notifications, monitor your system, and shut off your water line directly through the First Alert app.

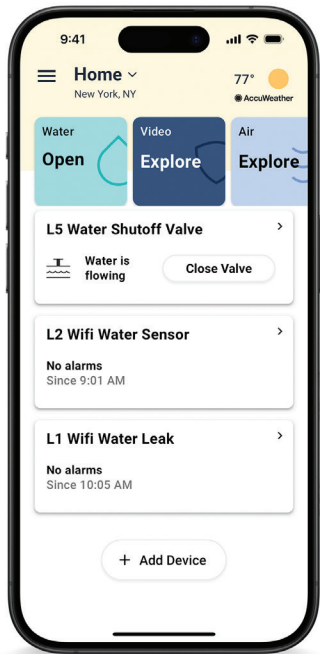

Automatic and Accurate

The L5 Valve shuts off your water supply when it detects water via the included 5-foot water sensor cable. Add additional cables to extend the water sensing area up to 500 feet.

Better Together

By pairing devices together from the L Series family, you can build a comprehensive water leak detection system that includes enhanced humidity and temperature monitoring.
